

DMHF Rules Matrix 1-17-19

Rule Summary	File	Effective
R414-515 Long Term Acute Care; This amendment updates access requirements and coverage for long term acute care (LTAC). It also includes a provision to allow for secondary medical review of an LTAC stay, in the event the secondary medical reviewer determines there is medical necessity and the LTAC is the most appropriate level of care for the member.	1-10-19	3-11-19
